State Cabinet Records are held by the SRO, the authority responsible for identifying, managing, preserving and providing the community with access to the State's Archives. They can be found by accessing [the SRO's online catalogue](#); the original records are available at the SRO's Search Room situated on the Ground Floor of the Alexander Library Building in the Perth Cultural Centre. The SRO Search Room is open Tuesday – Friday, 10:00am – 4:30pm.

For further details about accessing original State Cabinet records, please [see our website](#) or contact the SRO on 9427 3600, or by email at sro@sro.wa.gov.au

State Archivist's Foreword

Each year the State Records Office of WA (SRO) marks Western Australia Day by publishing online a Guide to State Cabinet records which have been released from their 30-year restriction access period in the previous calendar year. In accordance with the *State Records Act 2000*, State Cabinet records in the care and custody of the SRO are preserved for posterity, the State Archivist having the legislated responsibility of making them accessible to the public after 30 years.

State Cabinet records are historically significant because they reveal the decisions made by the government of the day. These unique records are the primary source documents for information about the issues raised at Cabinet meetings. The online Guide assists the Western Australian community with access to these records. This year the online guide describes the activities and decisions of State Cabinet in 1986, the year Brian Burke's Labor Government was re-elected for a second term.

As well as providing an overview of Western Australian State issues in 1986, the online Guide highlights a few of the more prominent national and international events of that year. Furthermore, a selection of 26 issues considered by State Cabinet in 1986 is presented in the Guide. A list of the subjects discussed at each meeting of State Cabinet in 1986 is also included at the end of this Guide to encourage further research into the records.

Unlike the release of Cabinet papers at the Commonwealth level, where records comprising more sensitive information can be embargoed beyond the restriction access period for the remaining records, all the State Cabinet records for Western Australia are released for public access 30 years after the records are created.

This year (2017) the Guide to the 1986 State Cabinet Records has been produced with the assistance of Mr Trent Bersan, a return to work participant with People Sense. I would like to thank Mr Bersan who researched the 1986 State Cabinet Minutes and Decisions, and who also compiled and drafted the list of Cabinet meeting subjects (see pp.17 – 42) during his placement at the SRO.

Description of the 1986 State Cabinet Records

The primary set of State Cabinet records referred to in this Guide is called 'Cabinet Minutes and Decisions.' State Cabinet Minutes and Decisions include agendas and submissions to Cabinet and are listed chronologically. They record the meetings of State Cabinet held between 6 January and 16 December 1985 inclusive, and are described on SRO's catalogue as [State Cabinet Minutes and Decisions \(Series 1228, Consignment 4736\)](#). Other State Cabinet records which complement the Minutes and Decisions, include [Cabinet Meeting Summaries \(Series 1230, Consignment 4823\)](#), and submissions, reports and other accompanying documents to the Minutes and Decisions, each of which are described as a ["Cabinet Record" \(Series 1228, Consignment 6150\)](#).

Cabinet Minutes and Decisions

State Cabinet Minutes and Decisions are the primary original source documents that reveal government decisions made at Cabinet meetings. These documents contain the names of the Ministers present and absent at each meeting, supporting reports, copies, summaries or reviews of submissions, and a record of ministerial recommendations, and relevant decisions, approvals, deferrals and rejections by State Cabinet.

Events and Issues in WA Politics in 1986⁽¹⁾

1986 commenced with an election campaign which coincided with the school summer holiday period. The Burke Labor government was returned for a second term at the election on 8 February. The election result saw Dr Carmen Lawrence win the seat of Subiaco from the Liberals, and the National Party, led by Hendy Cowan, won seats in rural areas, one from Labor and several others from former National County Party members who had switched to the Liberal Party.

The new ministry, sworn in on 26 February, for the first time included 2 women (previous Cabinets had never contained more than one) - Hon. Pamela Beggs M.L.A and Hon Kay Hallahan M.L.C. It also saw the appointment of Australia's first ever Aboriginal Cabinet Minister - Hon. Ernie Bridge M.L.A. Initially an Honorary Minister, in July 1986 he became Minister for Water Resources, Aboriginal Affairs and the North West. After the election, former State Labor leader Ron Davies resigned from Parliament to become WA's Agent General in London. Dr Geoff Gallop won Mr Davies former seat of Victoria Park for the Labor Party at a by-election in June. The resignation of Hon. Arthur Tonkin M.L.A. on 12 May 1986 caused a minor reshuffle of State Cabinet portfolios and the elevation of Mr Gavan Troy M.L.A to the ministry.

Some of the issues dealt with by government in 1986 included preparations for staging the America's Cup in Fremantle, the Environmental Protection Authority agreement to proposals by Wesfamers Kleenheat Gas to build a \$70 million liquefied petroleum gas (LPG) plant at Kwinana, and approval for the Mindarie Keys project. A government survey about the Old Swan Brewery showed that 75% wanted the buildings retained and renovated although the Kings Park Board and the Conservation Council, which preferred to see the buildings demolished, disputed the survey.

In 1986, the State Electricity Commission purchased the Fremantle Gas and Coke Company, a transaction which in later years came under scrutiny. Goldcorp was also established that year, and in Parliament the State Opposition queried the profit figures of the Western Australian Development Corporation (WADC). The Opposition, also criticised Exim, which sought to create and exploit export markets for WA products, for mismanagement.

World Events that Made the News in 1986 (2)

1986 was the year of the *Challenger* space shuttle disaster and the Chernobyl nuclear meltdown in Ukraine which killed at least 4,000 people and displaced 350,000 more. It was the year the Somalian Civil War commenced and Emperor Hirohito's Diamond Jubilee was marked in Japan. In April 1986 Pope John Paul II made history by visiting the Great Synagogue in Rome, the first time a modern Pope visited a synagogue. Queen Elizabeth II and Prince Philip visited China for the first time in October of that year and in the same month US President Ronald Reagan and USSR leader Mikhail Gorbachev met in Reykjavik to discuss scaling back missile arsenals in Europe. Although the meeting ended without agreement, this event is seen by many as the beginning of the end of the Cold War. In 1986 the Oprah Winfrey show premiered on television for the first time, and Matt Groening created his most famous and well known characters, the Simpson Family. In 1986, the video game which would become the standard for role playing video games, Dragons Quest, was released in Japan by Enix.

Australian and WA Events that Made the News in 1986 (2)

In February 1986 Joan Child became the first woman Speaker of the House of Representatives. In March the Russell Street bombing occurred in Melbourne, seriously injuring and later causing the death of police constable Angela Taylor who was the first Australian Police woman to be killed in the line of duty. The execution in Malaysia of Australian drug smugglers Kevin Barlow and Brian Chambers occurred in July, causing consternation in Australia. In August, the Picasso painting 'The Weeping Woman' was stolen from the National Gallery of Victoria, only to resurface in a locker in Spencer Street Station in Melbourne two weeks later. WA author Elizabeth Jolley won the Miles Franklin Award in 1986 for her novel 'The Well'.

'Venus' by Bananarama was number 1 on the pop music charts for 7 weeks in 1986, and the release of John Farnham's album 'Whispering Jack' in October 1986 saw it become the highest selling album by an Australian artist. The average home loan interest rate jumped from 13.5% to 15.5% in 1986.

In WA, if you went shopping for specials at Action in 1986 a 1kg block of Brownes fully matured cheese cost \$2.99 and 2 litres of Masters orange juice cost \$2.09. Charlie Carters had Californian navel oranges at \$1.79 a kilo, frying steak at \$3.00 a kilo, and pork legs at \$2.99 a kilo. At Foodland, a 1 litre carton of Masters chocolate milk cost 69 cents. In 1986 a 5-bedroom Statesman home in Leeming cost \$51,820 and a 4-bedroom, 2-bathroom Glenway home in Duncraig cost \$44,750. 1986 newspaper job advertisements showed that a Secretary could earn \$19,000 per annum.

State Cabinet Deliberations in 1986 (Selected)

Following is a selection of subjects deliberated by State Cabinet in 1986. The description of the subjects and dates of deliberations are stated as recorded in the 1986 Minutes and Decisions of State Cabinet, and in accompanying Cabinet minute summaries.

Abolition of the Western Australian Wheat Board

20 January, 12 May

Under the Wheat Marketing Act 1984, a Western Australian Wheat Board was established to nominate wheat grower representatives to the Australian Wheat Board. The Commonwealth Government had passed amendments to its own legislation authorising a new structure and method of selection for the Australian Wheat Board, and these changes meant that the WA Board no longer had the sole responsibility for selection of grower representatives. As a consequence, the WA Board no longer had a legislative function and it was recommended to Cabinet that it be disbanded.

America's Cup

6 January, 7 April, 16 June, 14 July, 21 July, 1 September, 2 October, 27 October

Following on from State Cabinet deliberations in 1985, preparations for the America's Cup Race, to be held in Fremantle in January and February 1987, was a major topic for discussion throughout 1986. Related issues considered by Cabinet included Police manpower requirements for the America's Cup (6 January), dealing with spectator craft during the race itself (7 April, 14 July, 27 October), construction of housing to accommodate demand from Homeswest's America's Cup Housing Program (16 June), creating a "People's Day" to encourage public involvement in the event (21 July), and changing and liberalising trading hours to suit the America's Cup participants and visitors (1 September, 2 October).

Bungle Bungle National Park

14 April, 21 July

In April State Cabinet approved the creation of the Bungle Bungle National Park based on interim boundaries in the Cabinet submission. Later it also approved funding "to immediately institute on the ground management of the newly formed National Park".

Closure of Fremantle Prison

10 March, 24 March, 23 June

Continuing from 1985, discussions within Cabinet about a replacement for Fremantle Prison did not reach a conclusion. However, Cabinet did discuss and countenance that the only real foreseeable option and location for a replacement prison in the future, was for it to be located at Orton Road, Casuarina.

Criminal Code

27 October, 17 November, 24 November

In 1986 State Cabinet drafted and deliberated on amendments to the Criminal Code. These proposed amendments saw quite detailed examination by Cabinet which took place over several meetings. The first of these took place in October, where chapters 1 to 24 were examined. These proposed changes were all approved (27 October). Further amendments to the remaining parts of the Criminal Code were not without scrutiny, and in November these were again examined by Cabinet, resulting in the repeal of some items (17 November). Cabinet reviewed further aspects of the proposed amendments to the Criminal Code at its meeting on 24 November.

Curtin University of Technology (Bill to Establish)

28 July

State Cabinet approved the upgrade of the status of Western Australian Institute of Technology to a University, to be called Curtin University of Technology. The proposal for this change included the reasoning behind the change of status, such as the possibility of increased sponsorship for technological research by the new university.

Domestic Violence

24 March, 18 August, 24 November

Following on from discussions in 1985, Cabinet received a report from the Domestic Violence Task Force, which revealed the scale and depth of domestic violence in the Western Australian community. The report included recommendations on how to effectively combat domestic violence (24 March). Cabinet also approved a request from the Domestic Violence Task Force to improve services to victims, and create an assistance methodology and support networks (18 August).

Electoral Reform

21 April, 4 June, 30 June, 20 October

On several occasions in 1986 State Cabinet discussed a proposed Electoral Reform Bill which included provision for 4 year terms, proportional representation in the Legislative Council, and “one vote, one value” for the Legislative Assembly.

Equal opportunity for disabled people

18 August

In 1985 the State’s first equal opportunity management plan was introduced, which worked towards ensuring equality for women, migrants and Aboriginal people in the workplace. This led to a discussion paper to Cabinet about equal opportunity for disabled people being tabled in August 1986.

Escape Gaps – Rock Lobster Pots

15 September

The Hon. Ian Taylor, Acting Minister for Fisheries, raised the issue of Rock Lobster pots ‘escape gaps’ in Cabinet. The previous Minister had instituted a rule that rock lobster pots were to have three escape gaps, as opposed to one escape gap, which had been mandated previously. The new three escape gap pots had become a concern for many fishermen, who already owned single escape gap pots and who now needed to replace them. The matter itself had become political, and the acting Minister had approached Cabinet for advice on how to resolve the issue. Three escape pot gaps had been the idea of the Rock Lobster Industry Committee, therefore Cabinet resolved in favour of keeping the three escape gap pots in rock lobster pots.

Forrest Place and City Station redevelopment

19 May, 9 June

Early in 1986 State Cabinet discussed a proposed amendment to the Forrest Place and City Station Development Act, to correct an error in the drafting of the Act in 1985, so that any future owner of Forrest Place and City Station would be bound by the obligations in a Development Plan Agreement. After Cabinet approved of the changes to the Act, it also signed a Deed of Covenant so that minor delays and problems would not continue to hold up the redevelopment of the area (9 June).

Investigation of the State Government Tendering System involving a requirement to employ apprentices

9 June

State Cabinet approved the public release of documentation regarding an investigation of the State Government tendering system so that the public would be able to comment on the report. The proposed tendering system involved the requirement to employ apprentices.

Kemerton land transfer and park management

3 February, 10 March, 17 March

Following a 1984 decision regarding large purchases of land by the Industrial Lands Development Authority in the Kemerton area, State Cabinet engaged in regular discussions over the course of 1986 in relation to the use of this land. The area which became known as the Kemerton Industrial Area was to be used by the Department of Conservation and Land Management to create a pine plantation to act as part of a buffer to any future smelter. Cabinet agreed that this would be a suitable use for the land.

Liquor Act – Flexible Trading Hours

21 April, 5 May, 28 July, 3 November, 10 November, 17 November, 24 November

A review of liquor license fees and more flexible trading hours were discussed by State cabinet in 1986. In the longer term these discussions led to the repeal of the *Liquor Act 1970*, and its replacement by the introduction of the *Liquor Control Act 1988* which allowed hotels to apply for additional operating hours under an extended trading permit.

Manjimup Canning Co-operative Company

17 March, 30 June, 6 October

In March State Cabinet approved the appointment of a government nominee as Managing Director of the Manjimup Canning Company and approved funding to enable processing during 1986. In October, an offer by Edgell to purchase the cannery was reported to Cabinet.

Mental Health Nurses

3 February, 21 April, 9 June

Future training needs of mental health nurses and a proposal for a 38-hour working week was discussed by State Cabinet in 1986.

Mines Regulation Act – 1946-1974

3 February, 21 April and 12 May

Changes to the Mines Regulation Act were discussed on several occasions by State Cabinet over the course of 1986. Among the proposed changes to the Act was the establishment of a Mines' Radiation Safety Board.

Perth Theatre Trust

6 January, 20 January, 10 March

The Perth Theatre Trust requested more funds to sustain management of the Perth Concert Hall because higher attendance rates required more maintenance of the building and facilities. After discussion between Treasury and the responsible Minister about a rental increase, State Cabinet accepted the recommendations from the Perth Theatre Trust, granting additional funding (10 March).

Public Access to Cabinet documents

27 October

State Cabinet approved public access to State Cabinet documents "after a 30-year period has elapsed". It was noted that this decision was to formalise "an informal set of arrangements" that existed, and that the need to open Cabinet records older than 30 years was "strongly endorsed by the State Archivist".

Purchase of Lake Clifton Land

13 January, 24 March, 23 June, 14 July, 15 September

State Cabinet discussed the use of Lake Clifton land that was purchased by the State Energy Commission. Initially purchased in the 1970s to allow for the construction of a nuclear power plant, the State Energy Commission no longer desired to construct a nuclear power plant as it did not meet with the policies of the State Government. Cabinet deliberated whether the land would be allocated to the Department of Conservation and Land Management to be used in conjunction with the Yalgorup National Park, or whether it should be reserved for a time in the future when development would be more appropriate.

Redevelopment of the Old Swan Brewery Site

14 April, 8 December, 15 December

There were several discussions within State Cabinet in 1986 about the future of the Old Swan Brewery Site. It was resolved to redevelop this site and a deal was struck with Brewtech which offered to lease the property for 99 years. Cabinet accepted the

proposal and began discussions on how to refurbish and reuse the Old Swan Brewery buildings and site.

Restriction of water supply

18 August, 17 November

Another topic discussed by State Cabinet in 1985 and carried over into the following year was the issue of restricting water access to Homeswest patrons. In May 1985, it was reported that many tenants of Homeswest had accrued excess water charges for their homes, but were refusing to pay the cost. Although regular recovery methods were pursued, repayments were still not being received. Cabinet was advised about the method of restricting water supply to those who had not paid their excess fees. In November 1986 Cabinet rejected the method of restricting the water supply, and suggested that a working party be chaired by multiple parties involved in the issue such as Homeswest and the Water Authority. This working party was to advise State Cabinet with appropriate and effective recovery mechanisms within 3 months.

Restructuring of the Water Authority

1 December, 8 December, 15 December

State Cabinet received a plan for changes to the Water Authority. The overall changes included the idea of promoting regionalisation of the Water Authority; and a plan to achieve a reduction of 8% in the number of Public Service Act employees it employed and a further 5% reduction in the number of wages employees. This was expected to achieve a saving of \$5 million per annum. State Cabinet approved of this proposal with an agreed implementation of the plan commencing 1 February 1987.

Tobacco Packaging Health Warnings

9 June, 30 June, 6 October, 17 November

Tightening up the rules on tobacco business franchises, as well as the placement of health-related warnings on cigarette packaging was discussed by State Cabinet in 1986. These discussions led to Cabinet approving the printing of the Business Franchise (Tobacco) Amendment Bill 1986 in November.

Voluntary Euthanasia

10 March

State Cabinet discussed the issue of voluntary euthanasia and approved a referral of the question of passive voluntary euthanasia to the Law Reform Commission. Cabinet deliberations included reference to a proposed South Australian bill on the

subject, which was seen as a potential future Act on which to base legislation for a Western Australian Euthanasia Bill.

Wittenoom Asbestos Problem

17 November, 16 December

The high risk of contracting mesothelioma due to the high levels of atmospheric asbestos had seen previous State Cabinets approve the process of phasing out the town of Wittenoom. This continued in 1986 and Cabinet was asked to make a decision about the closure of Wittenoom. It was given a list of recommendations about closure which were all accepted, save for releasing a 43-kilometre site to the public, and an extra \$100,000 to be allocated to miscellaneous services as part of the extended property purchase scheme. Cabinet requested the Minister for Conservation and Land Management to consult with the National Parks and Nature Conservation Authority on the topic of releasing the 43-kilometre site to the public, and then report back to Cabinet. On 16 December, approval was given for the release of the 43-kilometre site to the public.
